

EFL203[P]

4-Wheel Li-ion Counterbalance Forklift 2000kg

EP
Let's grow together

- **Iconic IC-to-Electric product:** IC forklift design with 80V Li-ion technology
- **2 charging possibilities** on the same truck and wide Li-ion battery power option
- **Fast lifting and traveling speeds** with strong gradeability for maximum efficiency
- **High ground clearance, large tires, and waterproof design** ensure smooth operation over uneven surfaces and in rainy conditions
- **Excellent ergonomic design** featuring spacious legroom, adjustable steering wheel, and comfortable seat with armrest
- **Extremely long autonomy** with the optional 80V – 460Ah battery
- **Available in two versions** offering different performance levels to satisfy all applications
- **Newly improved mast and bolted OHG** provide better visibility and stability

Manufacturer			EP	EP
Model designation			EFL203	EFL203P
Drive			Electric	Electric
Load capacity	Q	kg	2000	2000
Load center distance	c	mm	500	500
Service weight		kg	3540	3540
Retracted mast height	h1	mm	2090	2090
Lift height	h3	mm	3000	3000
Height, mast extended	h4	mm	4025	4025
Length to face of forks	l2	mm	2356	2356
Overall width	b1/b2	mm	1154	1154
Fork dimensions	s×e×l	mm	40×122×1070	40×122×1070
Turning radius	Wa	mm	2110	2110
Travel speed, laden/unladen		km/h	14/15	19/20
Lifting speed, laden/unladen		m/s	0.29/0.36	0.48/0.54
Lowering speed, laden/unladen		m/s	0.43/0.44	0.43/0.44
Max. gradeability, laden/unladen		%	15/20	22/28
Drive motor rating S2 60 min		kW	10	15
Battery voltage/nominal capacity		V/Ah	80V230AH	80V230AH

FEATURE

■ 2 charging possibilities on the same truck and wide Li-Ion battery power option

EFL203(P) comes standard with integrated charger with plug and a plug for external charger. Thanks to this new feature EFL203(P) charging become extremely flexible and can meet all kind of application needs.

The combination of the 2 charging possibilities and the choice of 80V 230Ah or the optional 80V 460Ah battery allow EFL203(P) to extend the autonomy allowing to satisfy the multi-shift applications

■ Enhanced performance with multiple versions

The EFL203(P) provides faster lifting speeds and stronger gradeability and this ensures that the forklift can handle demanding tasks efficiently, making it a reliable choice for various industrial applications.

Available in two distinct versions, the EFL203(P) offers tailored performance to meet diverse needs. For instance, the Premium version boasts a travel speed of 20km/h, a lifting speed of 0.48/0.54 m/s, and a gradeability of 28%, making it ideal for high-intensity operations. This versatility allows customers to select the most suitable version for their specific requirements, enhancing overall productivity and performance across various industrial settings.

■ High ground clearance and waterproof design for outdoor behavior

Designed with big tyres and high ground clearance, the EFL203(P) can easily drive uneven surfaces, ensuring smooth and uninterrupted operation. This feature is particularly beneficial for outdoor and rugged terrain applications. The truck features a water-resistant design to cope with goods transportation on rainy days.

■ Both aesthetics and practical features integrated

The EFL203(P) inherits the streamlined counterweight from the EFL 3 series and comes with a more compact size than IC trucks in the same load category. This makes it better fit confined spaces while providing an ample legroom. The EFL203(P) adopts the newly developed mast with optimized hose layout and strength. The bolted overhead guard and the new mast provide better view of loads and surroundings for safe and accurate operation. The EFL203 series features large size LED display with complete information and new powerful LED front lights
